

JEMS 126 NEWSLETTER

SEPTEMBER: WELCOME BACK!

Student Spotlight: Back in June, twelve of our scholars spent 3 days at our annual Space Camp trip – students experienced weightlessness at indoor skydiving and stayed overnight on an aircraft carrier. Quite an adventure in learning!

Welcome Back JEMS 126! We're thrilled to kick off another exciting school year with you and your students! At JEMS 126, we're building community and engineering the future. We're committed to building a strong, inclusive community and empowering our young engineers to shape the future through creativity, collaboration, and a commitment to making their environments better than when they entered them.

September is a time for reflection and growth goal setting. Every student will set a personal growth goal that they'll track throughout the year with support from their teachers, advisers, and our SEL team. These goals will be informed by Beginning-of-Year assessments and, more importantly, by personal reflections about where they've been and where they want to go. We invite you to talk with your child about what they're excited to achieve this year. Whether it's academic excellence, stronger friendships, or new leadership skills, we want 100% of our students to grow in meaningful ways. We look forward to celebrating their success with you this year!

UPDATE: New Gradebook: We are moving our electronic gradebook over to Jupiter. We've received good feedback from staff and families who have used this site and we're confident that it will improve our ability to share a more consistent and detailed report of your students' progress. We will share log information in the coming weeks.

GO EAGLES!:

Throughout the year, students will learn and practice our **GO EAGLES Values: Generosity, Open-mindedness, Excellence, Accountability, Grit, Leadership, Equity, and Safety.**

Upcoming: Our first Parent Teacher Conference will be held on **September 18th**, from 4 - 7 pm here at the school. This event will be **IN PERSON!** We encourage all of you to come meet your child's teachers, learn about after school opportunities and build community with JEMS 126 families and staff.

Ask your child about...

- What goals do you have for the 2025-26 school year?
- What **GO EAGLES** value do you think is a strength?
